# Introducing LUX Tennis.

Founded in 2017 and based in Spain, LUX Tennis was established by Tony Rajaobelina and myself - both former professional tennis players from France - with a vision to deliver world-class racquet experiences across the globe. Today, our expertise spans tennis, padel, and pickleball, offering tailored programs, private training, and exclusive activities designed for discerning clients at luxury resorts or any location of their choosing.

At LUX Tennis, our commitment is to truly understand and anticipate the unique needs of each client, ensuring an exceptional and personalized racquet experience. Our team, composed entirely of current or former professional players, delivers expert coaching and custom programs for all levels - from newcomers and enthusiasts to seasoned competitors and touring professionals.

Currently, LUX Tennis manages racquet facilities at more than 40 of the world's most prestigious luxury resorts, each featuring exclusive residences equipped with state-of-the-art tennis, padel, and pickleball courts. Our members benefit from exxclusive benefits in all our luxury resort partners, and luxury villa rentals.

Through the world's first Racquet Conciergerie App, LUX Tennis Members enjoy access to exclusive racquet services, luxury concierge support, and unique experiences worldwide. Our club offers privileged access to luxurious accommodations, private residences, and the opportunity to play and connect with tennis legends and celebrities. Members also receive world-class coaching wherever they are, along with bespoke experiences crafted to exceed expectations.

We invite you to join the LUX Tennis Membership Club and become part of an exclusive global community dedicated to excellence, luxury, and unforgettable racquet moments.
